Subject: council meeting testimony
Submitted with regards to council meeting 19 Feb 2014

I recommend that Bill 9, relating to charging for trash pickup be shelved. Trash pickup is a core service all ready being paid for by property tax payers. Charging for trash pickup would duplicate a tax that is all ready being paid. I suggest that especially in an election year, council members would show more sense than to charge a fee for something all ready being paid for with taxes.
